# English to go user manual

1.Open your browser and type in http://www.english-to-go.com

Welcome to the English-to-go teachers' room. We add six new resources to the English-to-go library every week. Here you can see the latest resources and search our library. The words in grey on the left hand side are all links. Click on these to move. The orange column on the right shows some of our latest resources.

Weekly Warmer
Date: 10 July 2002
That's stretching it
This warmer is effective when students are feeling lethargic and need something to help them focus on the next lesson.
Short activities for the start of class or as 'fillers' sent in by teachers from all around the world.

Super Sushi
Eating large amounts of sushi, the Japanese fish delicacy now popular in many western countries, may help smokers reduce the risk of developing lung cancer, scientists say. (Scientific studies, describing a process, using "more / less likely to".)
Upper-Intermediate
A PDF version of the same lesson. This is more print friendly and uses less paper.
Instant Workbook exercise. An on-line, interactive extension of instant lessons. Students can do selected exercises, which teachers can control through a unique password for each exercise.

Instant Workbook exercises are based on Instant Lessons and complement our other materials from English-To-Go. They can be used as a follow-on from lessons and other resources or as self-checking homework.

Clicking on the blue icon will take you to the exercise that matches the Instant Lesson have used, or plan to use. You can view each exercise and then select the exercises you would like your students to do.

Rachel ,
Welcome to the Instant Workbook™ Library. Here you will find the exercises you can preview and select for your students to use. Either list the exercises linked to your English-To-Go™ Lesson, or view all Instant Workbook exercises. Once you have selected the exercise you wish to use, you will be given a temporary username and password for your students to use to log into the Instant Workbook™ exercise.

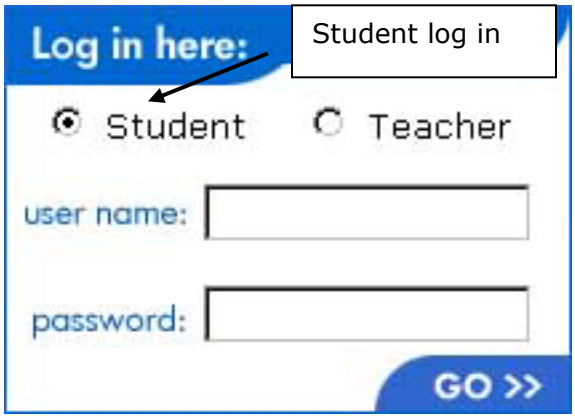
Remove
Username/password for students.

Students can then connect to the Internet and go to http://www.instantworkbook.com



Students can now do the exercise by logging in with the password you have given them.

Each username and password only access one exercise, and will expire after 5 days from the date you set when selecting the exercises.
